**N. A. COOK.**

A large number from Didsbury attended the banquet at Carstairs last Friday evening.

Miss McNeil of Calgary was a week end guest of friends in Didsbury.

J.W. Phillipson went to Calgary Monday to meet his brother from Woolwich, England, who is in Canada on business connected with Scotland Yard.

At the last report Spring had arrived as far north as Butte, Mont.

## Public School Literary Society

The regular monthly meeting of the Public School Literary Society was held in the school on Thursday p.m. when a splendid entertainment was provided for the pupils of room 5. Allien Story, who was president for the month, occupied the chair.

The program was as follows:  
Chorus—"O Canada" by the School.  
Address by President—Allien Story.  
Debate—"Resolved that Charles I. should have been Executed."  
Instrumental—Helen Reed.  
Instrumental—Myrtle Brown.  
Speech—"School Life," Donald Martin.  
Chorus—"Smiles," by the Pupils.  
Speech—"Poultry Raising," Ruby Hunsperger.  
Recitation—"Counting Eggs," Grace Hunsperger.  
Speech—"The Ford Car," Hugh Morton.  
Dialogue—"Mock Meeting of the Didsbury School Board."  
Piano Duet—Laura and Evelyn Liesener.  
Recitation—"So Was I," Walter Herman.  
Speech—"Daunting," James Taylor.  
Instrumental—Ada Simon.  
Speech—"The Value of the Horse," Hazel Bricker.

The debate proved of great interest to all who were present. The affirmative was upheld by Fern Stauffer and Annie Fehock, while the negative was ably defended by George Gugin and Tom Reed. The affirmative won by a small margin. The mock meeting of the school board called forth much applause. The members of that august body were represented as follows:  
Soc. J. M. Reed—George Gugin.  
Chairman P. R. Reed—Tom Reed.  
Mr. J. V. Berscht—Edgar Klabolt.  
Mr. Norman Clarke—Orlando Helin.  
Mr. M. Clemens—George Bricker.  
Dr. Clarke—Harlan Gocher.

Many improvements in and about the school were suggested and discussed by the boys in a very able manner, and it is clearly evident that they are being prepared to discharge the real duties of a school board when their time shall come. Mr. Norman Clarke was the only member of the board who was able to be present and at the conclusion he addressed the gathering, commending the boys for the lively interest which they are manifesting. The meeting closed with the National Anthem.

## Baseball League To Be Organized

There is a movement on foot to organize a five team baseball league between Innisfail, Olds, Didsbury, Carstairs and Crossfield. These towns, with the exception of Didsbury, have their teams lined up now, and before the league can be formed Didsbury must make a move. There will be a meeting in P. R. Reed's office at 7:30 Friday evening with the object of organizing a team. All baseball fans are urgently requested to be present. There is plenty of good material in this district for a team and there is no reason why this town should not get right into the league. Come out to the meeting and "root."

## Merchandising

To the merchant a connection with a sound bank is invaluable. Our officers, through long experience, are in a position to offer advice on any financial matter, such as credits, accounting, etc. Sound counsel on these points results in keeping a business on a healthy condition. An important convenience is the automatic receipt obtained through the payment of accounts by cheque.  
Resources exceed \$174,000,000

### A Big Western Problem

It is, of course, merely a trite observation, and a statement of what everybody knows, to declare that the Western Prairie Provinces of Canada have many difficult problems to solve in order to promote their maximum growth in population, wealth and general development. Neither time nor space would permit of even a mere recapitulation of these varied and complex problems, not to speak of an intelligent consideration of even a few of them.

Asked to name the first and foremost question demanding attention by the people of the West, would, no doubt, be as varied as they would be interesting. Some would say a larger population in order to develop the country, increase their production, and assist to bear the expense of the public services. Others would urge full provincial control of the natural resources in order that they might be developed for use. Others, again, would lay emphasis upon the assimilation of the foreign-born into a broad and true Canadian citizenship. Better schools and a more general education for all classes would be advocated. Some would say tariff reform, or cheaper money, were the main essentials to a betterment of conditions; while others, again, would lay stress upon social, moral and religious issues. Some practical minds would say more branch lines of railways, better roads, and a general improvement in all means of transportation. And to a greater or less degree all these things are necessary to the welfare, growth and prosperity of the Prairie Provinces. There can be no question about that. But at the present time there looms up a problem, the solution of which would first appear to be necessary without loss of time if many of these other questions are to be satisfactorily settled. And in some respects it is the most difficult of all our problems.

We refer to the need of solving the difficulties, or might almost say the disastrous conditions, confronting thousands of settlers by reason of the drought which has afflicted sections of the West during the last three years. So long as these conditions continue a black eye is given to immigration to this country because the bad advertisement thus given western Canada abroad has an adverse effect on the securing of that larger popu-

lation we need and must have. It affects the credit of our people, stops railway development, cripples business and imposes heavy burdens upon municipalities and governments. Something better than the provision of temporary relief to the direct sufferers must be found.

Those who are perhaps best qualified to judge, believe the only solution to be found is a radical change in farming methods in these districts, and the substitution of other crops, in part at least, for the all grain crops which have, for the most part, been attempted in the past. It is asserted that, even in these drought afflicted areas, a few farmers have been able to succeed, where the majority have failed, by reason of the fact that they followed other methods.

In the years of drought, there was not only failure of grain crops, but also of grass, with the result that there was neither food for man nor feed for stock. On the other hand, some farmers were successful even in those years of lack of moisture in raising green corn and other kinds of feed for stock when even the grasses failed. What they succeeded in doing, their neighbors could also do.

It is suggested, therefore, and wisely it would seem, that steps should be taken to bring the actual experience of these men, and the methods followed by them, to the knowledge of the people generally in the districts referred to, not by books or pamphlets, but by these men telling the story of their experiences and success to groups of farmers throughout these areas.

It is also being urged that the combined knowledge of the agricultural experts of the country should be brought to bear in an effort to solve this problem. These experts and scientific agriculturists on experimental farms and elsewhere have evolved earlier ripening varieties of grain in order to escape the loss occasioned by frosts. Along this line they have not without splendid success, and the loss from frost, which formerly was a constant dread of the farmer, has been enormously decreased. Has the time not arrived when the energies of all these men should be turned into the channel of endeavoring to evolve a drought-resisting variety of wheat and other grains?

There are countries even more seriously affected with drought than western Canada, which, nevertheless, are succeeding agriculturally. Surely from these lands varieties of grains can be secured to be tested experimentally here. Something must be done, and done soon, to create new conditions in the areas referred to, or else they will have to be abandoned as unfitted for agricultural settlement, with all that will mean, not only to individual loss to the people there, but to the whole country. It is impossible to go on hoping against hope that "next year" will yield a crop, and in the event of disappointment reliance upon the government for food, fuel, clothing and next season's seed, and the removal of stock to greener pastures. The country has almost reached the end of this unsatisfactory policy; something more permanent, more constructive, that will put new hope into men's hearts, must be forthcoming.

The ancients do not appear to have had any system of punctuation.

Hero: I've had my nose broken in two places.

Sweet Thing: Well, you shouldn't have gone into those places.

## One Trial of Grape-Nuts

will do more than many words to convince you of the goodness of this wheat and barley food.

But it's worth saying that Grape-Nuts contains all the nutriment of the grains, is ready to eat, requires no sugar and there's no waste.

Grape-Nuts is a Builder

Your horses pull heavy loads over all kinds of roads—make their work easy—save your horses and wagons.

### Imperial Mica Axle Grease

prevents friction in the hub. As the mica flakes work into the pores of the axle and hub, the rough surfaces are smoothed with a hard filling of mica. The grease on the greasy surface insures thorough lubrication. Sold in tins from one pound tin to a barrel.

### Imperial Eureka Harness Oil

makes leather strong, pliable and waterproof. Prevents cracking and stretching of harness—cannot become rancid because pure mineral oil. It gives leather a rich black, lasting finish.

Sold in pint, quart, half-gallon, gallon and four-gallon sealed cans, half-barrels and barrels.

### Canadian Flax Trade-Growing

Proposed to Encourage the Establishment of Spinning Mills in Canada

At a meeting of the Canadian Flax Growers' Association, held in London, Ontario, recently, the members discussed a plan to extend the organization. It was pointed out that the acreage under flax has been more than doubled since the start of the war, and the quality of the Canadian seed and fiber demonstrate not only in Ireland, but all over the world. In view of this it is proposed to encourage the establishment of spinning mills in Canada on a large scale; also to bring experienced weavers to Canada from Ireland and start the industry on a sound basis. The final decision on this matter was left over until the June meeting. Several growers are in favor of having the flax graded. They will ask the Dominion government to impose such restrictions on the sale of flax that the quality of all Canadian seed put on the world market will be the best possible.

### Old Garments New When Diamond Dye

Shabby, Faded, Old Apparel Turns Fresh and Colorful

Don't worry about perfect results. Use "Diamond Dyes," guaranteed to give a new, rich, fadeless color to any fabric, whether it be wool, silk, linen, cotton or mixed goods, — dresses, blouses, stockings, skirts, children's coats, feathers, draperies, coverings—everything.

The Direction Book with each package tells how to Diamond Dye over any color.

To match any material, have dealer show you "Diamond Dye" Color Card.

### Exchange Situation Impetus for Settlers

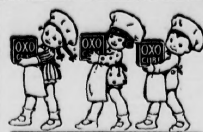

Americans Taking Good Advantage Of Rate of Exchange in Buying Farms

One of the results of the present high Canadian exchange has been made apparent during the last few weeks. Americans intending to settle in Western Canada are leaving the United States sooner than they planned and in much larger numbers than was expected. The exchange situation has proved a stimulant to American settlement in Western Canada, because the settlers find they can gain from \$1.25 to \$4 an acre in purchasing land. Many Americans who had purchased farms when exchange was normal, and had money in the banks, have taken advantage of the low quotation of Canada's money, and cleared off their deferred payments, making a large saving.

Americans of means are paying cash for their farms. With the rate of exchange as it is today, the saving on a quarter-section of land at \$35 an acre is about \$850, which is quite an item on a \$5,000 transaction, while the ready money thus put into circulation is having a beneficial effect throughout the west, both on investments and general trade.

Minard's Liniment Relieves Neuralgia.

Completing Hudson Bay Line The Winnipeg board of trade has been notified by the federal government that it will cost 4,600,000 to complete the Hudson Bay Railway. Up to the present, 332 miles of the line have been built and about 90 miles of track are still required to bring the road to its ocean terminus at Port Nelson. The Dominion government

Oxo Cubes contain the rich nourishment of prime beef in so compact and convenient a form that they are handy for use anywhere, at any time. Just a cube—hot water—and a biscuit or two—and a light sustaining meal is ready.

is not yet in a position to say how much money it will be able to devote to the Bay line this year. The West is pressing for completion.

### BORSALINO MEN'S HATS

## Judicial Sale of Farm Property

Pursuant to Judgement and Final Order for Sale made in a certain action in the Supreme Court of Alberta, Judicial District of Calgary, S. C. 14855, sealed tenders addressed to L. J. Clary, Esq., K. C., Master in Chambers, at the Court House in Calgary, Alberta, will be received up to 2:30 o'clock in the afternoon of Monday, the 19th day of April, 1920, for the purchase of:

The Northwest quarter of section 14, township 24, range 1, west of the 5th Meridian.

In the Province of Alberta, containing 16 acres more or less, excepting thereout two acres, more or less for a road-way, reserving unto His Majesty all mines and minerals.

Terms of sale to be 10 per cent, cash at the time of the sale, 15 per cent, within 10 days from the date of the sale, without interest, and the balance in three equal instalments payable within 6, 12 and 18 months from date of sale with interest at the rate of 5 per cent per annum, or at the option of the purchaser the whole amount may be paid within 60 days from date of sale without interest. All payments except the initial payment will be made to the Clerk of the Supreme Court at Calgary.

The above property will be offered for sale subject to a first Mortgage for \$2500.00 for the current year and the reservations and conditions contained in the existing Certificate of Title.

The plaintiff is informed that the above farm is situated 4 miles from the town of Didsbury. It consists of 12 acres of upland, 40 acres of good hay land, 50 acres have been under cultivation and the soil is mostly black loam with yellowish clay sub-soil. There is a good house and barn on the premises. There are 2 miles of fencing. There is a good well and pump and a good supply of water.

A marked cheque for 5 per cent, of the purchase price to accompany tender which will be returned in the case of non-acceptance—no tender necessarily accepted.

For further particulars and terms of sale apply to A. C. Clowes, Esq., Barrister, Olds, Alberta, or Clarke, Carlson, Macleod & Co., Barristers and Solicitors, Calgary, Alberta.

Dated at Calgary, this 19th day of March, 1920.

A. J. A. CLOWES,  
Approved, Clerk in Chambers  
L. F. CLARKE,  
M. C.

## The Didsbury Pioneer

H. E. OSBORN, Prop.  
L. C. JESSUP, Mgr.

Subscription: \$1.50 per year  
U. S. Posts: \$2.00 per year

WEDNESDAY, APR. 14, 1920.

The feed situation in this district is becoming a serious proposition for our farmers and the weather conditions unfortunately do not indicate a very quick change. It is up to every person who has a little extra feed to assist the man who is up against this serious condition, to let him have as much feed as possible without profiteering. We understand that P. Burns is selling hay that he holds in the east country to anyone who wants it at market price.

Government inspectors are going around the country checking up butter moulded in prints and those that do not show full 16 ounces to the pound are liable to get the nicker or dealer into serious financial trouble. The man who has short weight butter in his possession is the one who gets soaked.

### Elkton Notes.

A meeting of the St. Eloi branch of the Women's Institute was held at Mrs. S. G. White's on Wednesday last, when five new members joined. Tea was served by the hostess and a very pleasant afternoon spent. The next meeting will be on Wednesday, May 5th, at 2 o'clock at the home of Mrs. R. H. Hogg.

# Asquith Makes An Attack On Home Rule Bill

LONDON.—Herbert H. Asquith, former premier and advocate of a uniform Ireland, took issue in the house of commons on the home rule question with Premier Lloyd George, whose plan for two parliaments for Ireland Mr. Asquith characterized as absolutely unacceptable.

Particular interest is centered in the contest between the premier and former premier, both of whom aspire to the leadership of the liberal party. But as yet they have not come to grips.

The fact that agitation is so widespread in Ireland at the present time lends added interest to the ultimate outcome of the bill now before the house, but the real fight will not be on until the committee stage has been reached.

Mr. Asquith spoke against the bill, but contrary to expectations, Lloyd George deferred his remarks until later.

For the moment proceedings fall to arouse much excitement. The arguments take two directions: from the opponents of the bill, it is useless to press the measure as it is certain to be contemptuously rejected by the Irish people, and from the supporters of the bill, that to grant self-determination under existing conditions would be equivalent to consenting to the production of an Irish republic, which no sane government could permit.

After the principal speakers, Mr. Asquith and Andrew Bonar Law, the debate was confined to minor members. The hope that Sir Edward Carson, the Ulster Unionist leader, would speak was not fulfilled.

## She Tells Just Why They Are So Popular

MRS. OAKES SPEAKS IN PRAISE OF DODD'S KIDNEY PILLS

She had severe backache before using Dodd's Kidney Pills, but now she says she is quite well again.

Maastricht, Ont., April 5th.—(Special)—Among the women in this section who are shouting the praises of Dodd's Kidney Pills is Mrs. John Oakes, one of our highly respected residents. Nor does Mrs. Oakes fail to give the reason.

"Before using Dodd's Kidney Pills," she states, "I suffered with backaches. Now I am quite well again."

An highly pleased with Dodd's Kidney Pills. They have given me the best of satisfaction.

In those last two sentences Mrs. Oakes gives the reason why Dodd's Kidney Pills are so universally popular with the women. They give satisfaction. Women in all parts of Canada are every day stating that they suffered from kidney ills and found relief in Dodd's Kidney Pills. If you haven't used Dodd's Kidney Pills ask your neighbors about them. They have been in use in Canada for more than a quarter of a century and have earned a place in the family medicine chest almost everywhere.

Turks Destroy Railway Bridge  
Constantinople.—The Nationalists have destroyed an important railway bridge at Bledjik, on the line between Constantinople and Aleppo. The British are now restoring it. The destruction of the bridge isolated a small detachment of Punjab, but it is expected they will come out safely in a few days.

## Only Rumors That Wheat Is Hauled to U.S.

Acting Premier Declares Government Cannot Act Without Proper Confirmation

Ottawa.—Answering Thos. MacNutt's statement, in the commons, Sir George Foster stated that the government had heard that some farmers were shipping their wheat to points near the United States boundary and then hauling it in wagons across the line to secure higher prices. However, neither the government nor the wheat board had heard any more than rumors of such action and therefore could not act on anything they had received above the board's fixed prices for wheat. The holders of participation certificates, Mr. MacNutt was informed, would not receive any allowance to compensate them for the reduction in value of such certificates by reason of reduced prices for seed wheat, allowed on compassionate grounds to farmers in dried-out areas.

## Fast Time Again

Confusion Said to Result From Adoption of Summer Time

Toronto.—There is considerable confusion in Canadian border cities and towns, and generally throughout Canada in industries having direct United States connections, following daylight saving time being inaugurated in New York and other border states. The mix-up will probably continue, more or less, during the month of April.

On May 2, the cities of Montreal, Toronto and Ottawa will adopt the daylight saving time locally. Niagara Falls, Ont., and other frontier points are running on the new time already. It is not expected that the federal or any of the provincial governments of Canada will take up daylight saving this year as a Dominion or provincial measure. The railways have so far made no definite move in the matter.

## Germany Will Behave

Provides France to Live Up to Terms of Treaty in Regard to Ruhr District

Paris.—Assurances have been given by the German government that it will not send into the Ruhr valley more regular troops than are allowed and declared no more such troops would be sent there without authorization from the allies.

Receiving members of the French press, M. Millerand declared that if the Germans violated the terms of the treaty by sending a strong armed force into the Ruhr district, France would occupy part of the neutral zone whether the allies agreed or not.

Shorter Hours for Nurses

Winnipeg.—An eight-hour day, 56 hour week, has been insisted for the nurses in training at the General hospital. This is the first of the reforms in the training school, and will later if possible, include an afternoon week off. There is a shortage of applicants for training for nurses and those in charge are planning to make conditions of training more attractive by a step in the campaign for students.

Will Distribute Canadian Guns

Ottawa.—The guns which are being landed at Halifax will be distributed to the active militia all over Canada, said General Ashton, adjutant-general at militia headquarters of Canada. Canada sent her artillery over during the war and it is now returned. It is required to equip artillery units throughout the Dominion.

Mayor of Cork

Cork.—At a special meeting of the Cork corporation Alderman MacSweeney was elected Lord Mayor. He is a Sinn Féin leader and several times has been deported or imprisoned.

## Holland Retains Ex-Kaiser

Reply With Regard to Former German Emperor Agreed to By Allies

LONDON.—The allied powers have accepted Holland's last note regarding the former German emperor, according to an Amsterdam despatch to the Daily Mail.

The Dutch government on March 5 for the second time refused to deliver the former German emperor to the allies for trial. This determination was set forth in a note to the British premier, who, however, declared the Dutch government would take all necessary measures to minimize the liberty of Wilhelm and prevent him from endangering the peace of the world.

The communication stated that preparations to this end would be taken "on the spot." It was assumed that this meant a close guard over the former Kaiser and a strict censorship would be instituted while Wilhelm occupied his estate at Doorn.

## To Help Convicted Men

Winnipeg Labor Men to Discuss Means of Relieving Strike Leaders

Winnipeg.—More than 700 delegates, representing Winnipeg labor organizations, will meet April 11 to discuss ways and means to effect the release of convicted strike leaders. James Law, secretary of the defense committee, announced.

It is possible that representatives of labor organizations from other cities and towns, both east and west, will attend the convention, Mr. Law said. Many enemies have been received from outside points as to what the committee intends to do.

The defense committee is now caring for the dependents of the convicted leaders. These dependents total 29.

## Bolsheviki Lose Heavily

Warsaw.—Russian Bolsheviki forces which have been attacking the Polish front in Poland, have suffered severe losses, and at points have had to withdraw to the eastward, says an official statement issued at army headquarters. Polish troops have pursued the enemy, and have re-taken territory which was lost in the savage fighting of last week, it is said.

## Lebanon Declares Independence

Washington.—Lebanon, in Asiatic Turkey, has declared its independence of France's administration. The state department was advised by the United States consulate at Beirut. A flag similar to the French tricolor, but with the Cedar prominently displayed was chosen and a constitution is being drawn up.

## Grand Duchess Olga to Reside in Denmark

Constantinople.—The Grand Duchess Olga of Russia, sister of former Emperor Nicholas of Russia has left for Serbia, en route to Denmark, where she will reside permanently. She will firmly believe her brother and his family are alive.

## "SYRUP OF FIGS" CHILD'S LAXATIVE

Look at tongue! Remove poison from little stomach, liver and bowels

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruit taste. Full directions for child's use on each bottle. Give it without fear. Mother! You must say "California."

# Big Deficit On National Railways Is Announced

## Urges Completion Of Hudson Bay Road

Minister of Railways Promised Western Members That Matter Would Be Discussed

Ottawa.—Arguing that if the government could set aside \$5,000,000 for the construction of the Welland Canal, it can at least set aside \$2,000,000 for the completion of the Hudson Bay Railway, a score or more of western members held a conference with Hon. J. D. Reid, minister of railways, and Hon. A. L. Sifton, secretary of state. While little hope was held out that the wish of the delegation would be met this year, the minister of railways and canals promised to bring the matter up in the house for a full and frank discussion on the relative merits of both propositions. The delegation again urged that the Hudson Bay road was a national project and should be treated entirely as such.

In reply to an argument by the minister that the Welland Canal was deteriorating because of non-completion, the delegates pointed out that exactly the same argument applied to their project. It was also pointed out that \$777,000 had been set aside for the Trent Canal scheme, which project the delegation claimed as merely a "pleasure ditch."

Going back to the Welland Canal argument, it was contended that this scheme would be of any real use until the St. Lawrence canal scheme was finished, and as yet it had not got past the survey stage.

## Settlement of Palestine

Jews and Arabs to Co-operate in Restoration of the Holy Land

New York.—Speedy settlement of political difficulties in Palestine by co-operation of Jews and Arabs in the restoration of the Holy Land is expected as the result of the Palestine Jewry's request for Arab aid, according to announcement here by the Zionist organization of America. The organization received a despatch from the Zionist commission in Palestine stating that Yeha Harnana, the representative body of Palestine Jewry, had issued a manifesto to the Arabs explaining that Zionist aspirations in the Holy Land "will not exploit or injure the Arabic population, but will prove a mutual benefit to all," and asking their co-operation.

## Cost of Hudson Bay Road

Over Three Hundred Miles of Steel Have Been Laid On The Line

Ottawa.—In reply to Mr. Campbell in the house, the minister of railways said that 322 miles of steel had been laid on the Hudson Bay Railway. There were 92 miles still to be laid. The total expenditures of the railway at the end of the last fiscal year was \$1,280,387 and on the terminals \$6,344,490.

The estimated cost of completing the track-laying into Port Nelson was \$1,750,000, but to complete the railway would require \$4,000,000.

Cleveland to Chicago in Two Hours  
Cleveland.—The speed record for mail by the air line between Cleveland and Chicago was broken today when Pilot James H. Knight covered the 340 miles to this city in two hours and 18 minutes, an average speed of 157 miles an hour. The previous record two hours and twelve minutes was also held by Knight, made several weeks ago.

Hoover for President

San Francisco.—Herbert Hoover has telegraphed to the Hoover Republican club of California that he would accept the Republican nomination for President "if it is felt that we have no alternatives and it is demanded of me."

Ottawa.—In a comprehensive speech, Dr. Reid, minister of railways, laid before the house the first annual budget of the government railway system since its inauguration. His statement has been daily noticed and was followed with interest by all sides of the house.

He gave in detail the financial result of the year's operations, outlined the needs of the road in the future; stated their program for the coming year. It discussed the vital question of a suggested increase in freight rates.

The year's work showed an operating deficit on government roads of \$14,000,000, namely: Canadian Northern, \$6,500,000; I.C.R. and Transcontinental, \$7,500,000. To this there has been added \$19,000,000 for fixed charges or a total deficit for the year (including fixed charges) of \$33,000,000.

In comparison the operating deficit of the roads in 1918 (the Canadian Northern was then in private hands) was \$21,000,000.

Revenue, too, had advanced nearly \$12,000,000. But, so Dr. Reid explained to the house, operating expenses had increased from \$84,000,000 to practically \$100,000,000. The advance in operating expenses were largely due to increases in wages granted under the McAdoo award.

In all this, however, Dr. Reid did not take the Grand Trunk Pacific (of which the government is in possession as receiver) into account. The Grand Trunk Pacific, Dr. Reid indicated, would be the subject of another statement later, but he indicated a total loss to the road last year of \$10,000,000, as follows: Operating loss, \$3,500,000; fixed charges, \$6,500,000.

Thus deficit on all lines for the year, including the G.T.P., including both capital charges and operating loss, totalled \$47,000,000. From deficits Dr. Reid passed to suggest increases in freight rates. It is in this regard, probably that his whole statement will awaken the widest public interest. There was the point to be considered, he said, that any increase of rates on government lines would apply specially well to the Canadian Pacific Railway. Should therefore, Dr. Reid asked, freight rates be generally increased for the particular purpose of enabling the Canadian National railway system to meet operating expenses and fixed charges? An increase of say 25 per cent. in rates would mean an addition at charge on the public of \$85,000,000, approximately.

"Whether," Dr. Reid pursued, "we shall take \$85,000,000 in increased freight rates off the people of Canada is the question which for the National system, which I myself am not prepared to take the responsibility of deciding either one way or the other." He would leave it to the consideration of the house and the people of Canada.

## JOY AND GLADNESS FOR THE CHILDREN

Every child—whether it be poor or rich is entitled to joy and gladness in the bright, sunny days of spring and there is absolutely no doubt that the healthy baby is a happy baby. It is the baby's nature to be happy—restless. Only the sickly baby is cross. The well child is a joy to the home—it is a laughing, little piece of humanity which drives duty care from the household. The sickly baby is the opposite—cross and peevish; cries a great deal and is a source of constant worry to the mother. But mother need not be so. Give your little one being sickly. Regulate the baby's bowels and sweeten his stomach with a gentle but powerful laxative and baby will soon be well and happy again. Thousands of mothers have proved this through their use of Baby's Own Tablets—there is a smile in every dose of the Tablets. Give them to your baby and make him happy. The Tablets are sold by medicine dealers or by mail at 25 cents a box from Dr. Williams' Medicine Co., Brockville, Ont.

## To The New Comers And Old of Didsbury and District

Didsbury welcomes you to its farming community. We believe you have made a wise choice of location and we know that if you are made of the right stuff you will succeed.

We want to offer you a bit of advice about your start which from our long experience in helping many New Comers we believe will save you regrets and dollars.

### Don't Build Temporary Shacks for Family or Stock

Build everything for permanence and for the future. It may be you will have to go slower than you want to do but if you build a GOOD home and a GOOD barn even though they are small but so they can be enlarged you will save money.

We can help you plan to fit your pocket book as well as your future.

### Our Free Plan Service Will be of Great Value to You

Don't be afraid to use it to the full.

Our contracting department will gladly help you in locating buildings properly and in planning so they can be enlarged easily at the lowest cost.

We want you to feel that our office is for your use without any restrictions whatever.

Our business is to help you build right at the lowest cost. Let's get acquainted right away.

### We Sell Buildings and Paint

### Highland News

We were all wondering what we would do without shagging, but this last snowfall has put things straight again.

We have a returned man in Highland who has been on his homestead since April 1919 and he says that he hasn't seen any summer yet but he thinks it must come soon.

Cattle and horses around here look as though they had been on dry rations for at least six months.

Coyotes have been seen to snarl lately, no doubt owing to the fact that Dave and Martin have taken up most of their traps.

Some of the Natchie Valley Swamp natives are buying lumber for an ark. They must have an inside tip as to the weather for the spring.

In Gamble is making cork belts for his milch cows for the summer and intends herding his cattle with a gasoline launch.

### Asks Forgiveness

Nampa, Idaho, April 7th, 1920

To my friends and all who know me, greetings.

I am enjoying the beautiful, warm, Idaho sunshine and the fresh, sweet, spring air, but I often think of dear Alberta and long to be there. I hope to see and greet you all this summer, and chat and talk and renew old friendships, for perhaps the coming summer will be my last in Canada for many years. I say perhaps for who can look into the future and see what it holds for anyone of us?

Now, I know that there are many who have hard feelings against me, and many are not without cause. So I ask you, frankly, that you one and all forgive me for having wronged you in any way, whether intentionally or otherwise, and also, if there is anything I can do, to write me and I will try to make all things right. This I mean from the bottom of my heart.

Yours very sincerely,  
G. E. CONYER

### To the People of Didsbury and District

Having been successful in the Real Estate business in the town of Oats for a length of time, we have decided to open up a branch office in the town of Didsbury, situated in Store No. 3 of the Leander Block.

We are desirous of getting into touch with people who wish to list their lands for sale and will be very pleased to have such people give us a call at their very earliest convenience also those who have not lands for sale.

We work in conjunction with seven of the best Real Estate firms of Calgary and Regina and are confident that we can give you early results. We wish to mention also that we have with us Mr. George Madden, ex-proprietor of the Rosebud Hotel whom no doubt the people of Didsbury all know.

Thanking you in advance for an early call, we are,

Very truly yours,  
WEBSTER & ADDINGTON

W. J. MCLENNAGHAN, D. C.

William H. Wilton, Secretary (Desk A), Calgary, Alberta

### BAR U AND NAMAKA FARM PERCHERONS

The largest stud of the Purebred Percherons in the World. The Bar U Percheron-breeding Farm established in Canada. The only firm on the American continent from which British breeders have selected Percheron breeding stock to establish studs in Britain.

Do not let the British breeders come to Canada and carry off all our best foundation stock. Do not be deceived with the cheap old stallions brought in by irresponsible dealers and auctioneers from the United States, when you can buy the best individuals of the best breeding raised right here in Alberta by men that have been in the breeding business for 25 years, and who are known to be honest. We have twenty-four head of Purebred Percheron Stallions of our own breeding now on hand to select from. You can see their sizes and dams, and if you cannot call one from the lot to suit you we will give you every assistance in our power. Write for prices or come to Calgary, Alberta, and we will show you and show you the price at any time—Address—

GEORGE LANE (Desk B), CALGARY, ALBERTA

### Wantmore Peanut Candy

Boil three cups of sugar in one cup of water until it becomes white, drop into water; flavor with lemon, then add one and a half cups of Waterbury's Blended Salted Peanuts chopped fine. Stir well. Have ready a hot dish or pan freely buttered, and pour candy in. Spread over enough surface to make a thin candy. Be sure and use Waterbury's Waterbury's Salted Peanuts, as no other peanuts will make it as good.

#### Good Prospects For Crop

"I consider the prospects for the coming season on the land are the best in several years," states F. W. Crandall, of Calgary, the largest individual farmer in Alberta.

Mr. Crandall states that he expects to crop about 10,000 acres this year. The moisture conditions, he says, are ideal. There has been a heavy fall of snow, which has gone off gradually, furnishing moisture to the soil.

This opinion is shared by experienced farmers from all parts of the province, and all indications point to a heavy crop this season.

### Will Morning Never Come

DOES this illustration picture your experience?

What is more distressing than being unable to sleep?

Sleeplessness is one of the first and most certain symptoms of exhausted nerves.

This is the warning that you need the assistance of Dr. Chase's Nerve Food to restore vigor to the nerve cells and thereby avoid the development of serious nervous trouble.

By improving the quality of the blood and building up the nervous system this food cure brings new energy and strength to the whole body.

50 cents a box, 6 for \$2.75. All Dealers, or Wm. Ross, 1145 St. W., Toronto.

### GRUMPY?

If Constipated, Bilious or Headachy, take "Cascarets"

"Brain foggy?" Blue Devils got you? Don't stay sick, bilious, headachy, constipated. Remove the liver and bowel poison which is keeping your head dizzy, your tongue coated, your breath bad and stomach sour. Why not spend a few cents for a box of Cascarets—the nicest, gentlest, laxative-cathartic you ever experienced? Cascarets never grip, sicken or inconvenience one. Safe Oil, Calomel or Harsh Pills. They work while you sleep.

### Telephone System Being Extended

Are 11,000 Phones in Farm Homes in Alberta

According to the deputy minister of railways and telephones of the provincial government, there are 11,000 telephones in farm homes in Alberta. It is the aim of the government to place an automatic phone in the home of every subscriber. The government has adopted the policy of extending the system as soon as possible to districts where the service does not now exist.

In pursuance of this policy an ambitious plan of development is being followed this year. Miles of construction work is being undertaken for which the government has ordered 250,000 telephone poles, one and a half million pounds of copper wire, and about four million pounds of iron wire.

During the past year over two million long distance calls were handled by the system.

### Motor Cars in Canada

One in Every Twenty-three Persons in Canada Own a Motor Car

There are 6,000,000 automobiles in the United States or one to every twenty inhabitants. In England there are only 180,000 cars, or one to every 668 persons. There is one automobile to every 402 people in France, to 684 people in Germany, to 1,000 people in Italy, to 2,700 people in Austria, to 5,300 in Russia.

Registration of cars in Canada increased 13 per cent. over that of 1918. Ontario continues to be the banner province for automobiles, with 127,860 passenger cars, and 11,428 motor trucks in use, with Saskatchewan, Alberta, Manitoba and Quebec following in order. The rural population owns more than half the cars in the Dominion and in the prairie provinces the percentage is higher.

Canada is no longer an assembling centre for automobile parts made in the United States. The mass in Canada automobile is now a reality.

### Dairying in Manitoba

Value of Dairy Products For the Year Amounted to \$16,780,892.51

Manitoba has forty-four creameries, with 22,000 milk and cream shippers, and present indications for increased production of dairy products in the province are exceedingly encouraging. During the year 1919 a number of new silos were erected at different points of the province. These have been filled with corn, green chaff and peas, which makes a succulent and good cheap feed for milk cows.

The total value of dairy products for the year amounted to \$16,780,892.51. The increased production, combined with the increased price, amounted to \$5,001,719.25. The increase in dairying is more noticeable in the Southern part of the province, where grain growing has been carried on for 25 or 30 years. There appears to be a marked change towards more mixed farming in this part of Manitoba.

### SPRING IMPURITIES MEAN WEAK BLOOD

A Tonic Medicine Is a Necessity At This Season

Dr. Williams' Pink Pills are an all year 'round tonic, blood builder and says for the winter months. There is no other season when the blood is so much in need of purifying and enriching. In the spring one feels weak and tired. Dr. Williams' Pink Pills give strength. In the spring the appetite is often poor. Dr. Williams' Pink Pills improve the appetite, tone the stomach and aid weak digestion. It is in the spring the poisons in the blood most often find an outlet in disgusting pimples, eruptions and boils. Dr. Williams' Pink Pills quickly clear the skin because they go to the root of the trouble in the blood. In spring ailments, indigestion, colds, rheumatism and many other troubles are persistent because of weak, watery blood and it is at this time when all nature takes on new life that the blood most seriously needs attention. Among those who have tried the famous Dr. Williams' Pink Pills is Mr. Archie D. Carmichael, Tarboro, N.C., who says for a number of years I was bothered with pimples which would break out on my face and body. The trouble was worse in the spring, and although I tried different treatments, it was without much success. In the spring of two years ago the trouble was worse than usual, and although I was taking medicine it did not help me until I finally decided to try Dr. Williams' Pink Pills. Under this treatment the pimples disappeared, and there has since been absolutely no return of the trouble. Dr. Williams' Pink Pills can be obtained from any dealer in medicine or by mail at 25 cents a box, or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

A. M. written on a table cloth was refused probate in San Francisco because Mrs. Helen Scott, who wrote it, just before she died, forgot to put a date on it.

Minard's Liniment for sale everywhere.

Black Prosepect "Two bags and a hatbox," said the tourist who was travelling for the first time in Scotland, on arriving at a little wayside station. The porter mournfully collected the articles and put them on board a cab. "And, by the way, porter," said the passenger, "what do they usually give you here for a tip?"

The porter jerked his thumb over his shoulder. "See you big house in among the trees," he asked. "Yes, but what has that to do with it?"

### Catarh Cannot be Cured

by LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarh is a blood disease, results in inflammation of the internal conditions. HALL'S CATARRH MEDICINE will cure it. It is taken internally and acts through the blood on the mucous membrane. It is the only medicine that will cure it. HALL'S CATARRH MEDICINE is what you need. It is the only medicine that will cure it. HALL'S CATARRH MEDICINE is what you need. It is the only medicine that will cure it.

Great wealth and little health make a pitiable combination.

Minard's Liniment Cures Dandruff.

W. N. U. 1310

### WAGSTAFFE'S

Real Seville Orange Marmalade

### Dairy Business Increases

Swift Current Increases Output By Over Six Hundred Per Cent

The Swift Current plant of the Saskatchewan Creamery Company reports an increase of over six hundred per cent. in the business done during the first ten weeks of this year, as compared with that of the corresponding period in 1919. This showing is all the more remarkable since Swift Current is in the heart of the so-called "dry area" of Saskatchewan, where during the past year the wheat crop was much below normal. It is accepted as evidence that while lack of rain may seriously affect grain crops, it has no apparent effect on the dairy industry. The butter output of the Swift Current plant in 1919 was 199,354 pounds, according to figures received at the dairy branch of the provincial department of agriculture.

This creamery is a branch plant of the Saskatchewan Creamery Company which has other branch plants in various parts of the province. Since January first the total output of all branches shows an increase of approximately fifty per cent. over the corresponding period last year. The fact which the company has in the future of dairying in the southern and western portions of Saskatchewan is evidenced by the fact that they are erecting new plants this year at Weyburn and Maple Creek.

The idea of dairying at Maple Creek five years ago was a joke," says an official of the dairy branch. "These results, accomplished in dry years, only go to show the possibilities of the dairy industry in this province under normal conditions."

### HOW TO "BE FIT" AT SIXTY

BY DR. LEO HERBERT SMITH

As our boys "came marching home," they brought a certain red-blooded doctrine, and showed us the glory of a perfect body. They will show us how to "keep fit," even if we have passed middle life and are beyond the athletic stage. For the tired business man, the man who feels the daily grind and the nightly fag, has meager appetite, headaches, nerves unstrung, is gloomy, ending in a soggy brain, try the right way. Get out of bed, open the window, breathe deeply, exercise the army "setting-up" exercise or use dumb bells, until in a warm glow.

Before breakfast take hot water, and occasionally castor oil or a pleasant laxative made up of May-apple, aloin, jalap, and sold by all druggists as Dr. Pierce's Pleasant Pellets.

As Prof. Strauss says, "The excretion of uric acid we are able to effect by exciting diuresis." Drink copiously of soft water or distilled water, six or eight glasses per day, hot water before meals, and obtain Anurie Tablets, double strength, for 50 cts., at the nearest drug store and take them three times a day. If you want a trial package send 10 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y. "Anurie" (anti-uric-acid) is the recent discovery of Dr. Pierce and is much more potent than lithia, for it will dissolve uric acid as hot tea dissolves sugar.

## SHERIFF'S SALE

PROVINCE OF ALBERTA

TO WIT:

By virtue of a Writ of Execution issued out of the District Court of Calgary at the suit of J. Hirsch & Sons, Limited, Montreal, Quebec, Plaintiff and Louis Goldberg, Louis Jacobson & Goldberg & Jacobson, Defendant and to me directed against the Lands of Louis Goldberg, Louis Jacobson & Goldberg & Jacobson I have seized and taken into execution the following Lands, namely: All the right, title and interest of the defendants in the N.W. 1-4 of section Twenty-four (24) Township Thirty-one (31) Range Five (5) West of the 5th Meridian. ## Import Cattle Free

Breeding the serious depletion in the herds of the province, owing to the large number of stocker and feeder cattle which have been shipped over to the United States, as well as the possible losses owing to the shortage of feed, the directors of the Calgary Live Stock Exchange, at their regular meeting on Monday night, passed a resolution which is to be forwarded to the government asking that the duty on cattle brought in from the United States should be raised until next fall, and suggesting Nov. 1 as a suitable date.

Some shippers who sent their young stock over to the States last

fall did so under the impression that they could be returned free but this is not the case, as they are subjected to a duty of 33 1-2 per cent., and it is only pure-bred stock that is allowed to come in without contributing to the customs.

As conditions will be during the coming summer, there will be a big demand for breeding stock and feeders, and in order to take advantage of the American markets, where there are indications of low prices, the commission men feel that it would be an excellent way to restock the country if these cattle could be imported free, as soon as it was known next fall what the feed conditions would be.—Market Examiner.

Do not forget  
to file yourIncome Tax Return  
on or before the 30th of April, 1920.

Dominion of Canada

Department of Finance

ALL persons residing in Canada, employed in Canada, or carrying on business in Canada, are liable to a tax on income, as follows:—

1. Every unmarried person, or widow, or widower, without dependants as defined by the Act, who during the calendar year 1919 received or earned \$1,000 or more.

2. All other individuals who during the calendar year 1919 received or earned \$2,000 or more.

3. Every corporation and joint stock company whose profits exceeded \$2,000 during the fiscal year ended in 1919.

Forms to be used in filing returns on or before the 30th of April, 1920.

ALL INDIVIDUALS other than farmers and ranchers must use Form T 1.

FARMERS AND RANCHERS must use Form T 1A.

CORPORATIONS and joint stock companies must use Form T 2.

## Penalty

Every person required to make a return, who fails to do so within the time limit, shall be subject to a penalty of Twenty-five per cent. of the amount of the tax payable.

Any person, whether taxable, or otherwise, who fails to make a return or provide information duly required according to the provision of the Act, shall be liable on summary conviction to a penalty of \$100 for each day during which the default continues. Also any person making a false statement in any return or in any information required by the Minister, shall be liable, on summary conviction, to a penalty not exceeding \$10,000, or to six months' imprisonment or to both fine and imprisonment.

## General Instructions.
